

EXPLANATION

— Arctic Research and Policy Act geographic extent

City population

- Less than or equal to 150
- 151 to 350
- 351 to 600
- 601 to 1,000
- 1,001 to 5,277

0 100 200 300 MILES
0 100 200 300 KILOMETERS
Scale at 70° North
Scale varies north to south

Arctic Research and Policy Act geographic extent—All U.S. and foreign territory north of the Arctic Circle and all U.S. territory north and west of the boundary formed by the Porcupine, Yukon, and Kuskokwim Rivers; all contiguous seas including the Arctic Ocean and the Beaufort, Bering, and Chukchi Seas; and the Aleutian Islands. (Note: The Aleutian Islands boundary is demarcated by the "contiguous zone" limit of 24 nautical miles.)

MAP NOT INTENDED FOR NAVIGATIONAL USE

Base image modified from Esri © 2021 and its licensors; bathymetric contours from General Bathymetric Chart of the Oceans (GEBCO_2020) grid; elevation from IFSAR DSM Surface Model from Alaska DGGs Geoportal

Arctic Research and Policy Act boundary from the U.S. Arctic Research Commission; population of U.S. cities from the 2020 U.S. Census; population of foreign cities from Esri © 2021 and its licensors; all other data from USGS The National Map. See map pamphlet for details and citations of individual datasets

Users should be aware that temporal changes may have occurred since these data were collected and that some data may no longer represent actual surface conditions

EPSG 5936 Alaska Polar Stereographic projection; World Geodetic System 1984

GIS and cartography by C.L. Richmond; edited by John Osias; digital cartographic production by Jacqueline Olson

Manuscript approved for publication November 20, 2021

This map is not a legal document. Boundaries may be generalized for this map scale. Not all tribal or federal lands are shown. Private lands within government reservations may not be shown. Obtain permission before entering private lands

Any use of trade, product, or firm names in this publication is for descriptive purposes only and does not imply endorsement by the U.S. Government

This map or plate is offered as an online-only, digital publication. Users should be aware that, because of differences in rendering processes and pixel resolution, some slight distortion of scale may occur when viewing it on a computer screen or when printing it on an electronic plotter, even when it is viewed or printed at its intended publication scale
